

The World's Most Trusted Industrial Torque and Tension Systems

jGun™ Single Speed

Air Torque/Tension Compatible Bolting Machine

- Accurate Torque with Low Noise and Low Vibration
- Maximum torque requires only 90 psi
- Extensions Available for Job Specific Applications
- Made from Lightweight High-Strength Aluminum Alloy
- Precision Gearing Produces Constant, Calibrated Power
- Highest Power-to-Weight Ratio of any Comparable Product
- Compatible with HYTORC Washer™ and HYTORC Nut™ Stretch-to-Load Fastening Systems for maximum bolt load accuracy
- Splined Reaction Area Allows for the Use of Custom Reaction Fixtures

OPTIONAL PATENTED SAFETY LEVER

This safety mechanism drastically reduces operator error. The lever must be depressed while pulling the trigger, ensuring operator keeps hands away from pinch points.
